There is nothing more precious in this world than the life of a newborn child. However, every day abortions across the country – including two each day in Dane County – threaten the lives of innocent children and cause incredible damage to women, men, and their families.

But you can be a part of transforming hearts and minds and saving lives for eternity. Today and every day, women and men find help, hope, and healing through Care Net’s services. Our nurses and staff provide compassionate, nonjudgmental sexual health services to women and men facing a pregnancy decision.
